THE NEW YORK ACADEMY OF SCIENCES

AN INTERNATIONAL ORGANIZATION

February 5, 1988

Harmon McAllister, Ph.D.
Research Director
The Council For Tobacco Research U.S.A.
900 Third Avenue
New York, New York 10022

Dear Dr. McAllister:

It is with great pleasure that we received your check number 28272 in the amount of $2500 made payable to The New York Academy of Sciences for the support of our conference entitled "Biological Membranes in Cancer Cells " scheduled to be held on June 13-16, 1988 at the Umbria, Italy. Drs. Antonio Scarpa, Tommaso Galeotti, Achille Cittadini & Giovanni Neri have been very successful in organizing a superb program that will bring several disciplines and many researchers together in the consideration of both the basic science and applications aspects of this important topic.

The Council For Tobacco Research U.S.A. will be acknowledged in the volume of the Annals of The New York Academy of Sciences which will result from this conference. This volume will be an important addition to the literature in this field, and it will receive wide distribution both nationally and abroad. A copy of the program and the resultant Annal will be sent to you as soon as they become available.

Please inform me in writing if you or your representative wish to attend the conference and we will be pleased to issue a guest registration badge.

With renewed appreciation, I remain

Sincerely,

Ellen A. Marks

Ellen A. Marks
Conference Director
